Port Brief

Issue 1, Monday 12 October 2026

Liverpool cranes likely to stop on Tuesday as Atlantic storms slow arrivals

Gales will likely stop cranes at Liverpool on Tuesday. Six other ports see short gusty spells. Ships from North America face delays of 2 days or more, and Cape-routed Asia services 1 to 2 days. Hapag-Lloyd has suspended bookings to three Philippine ports.

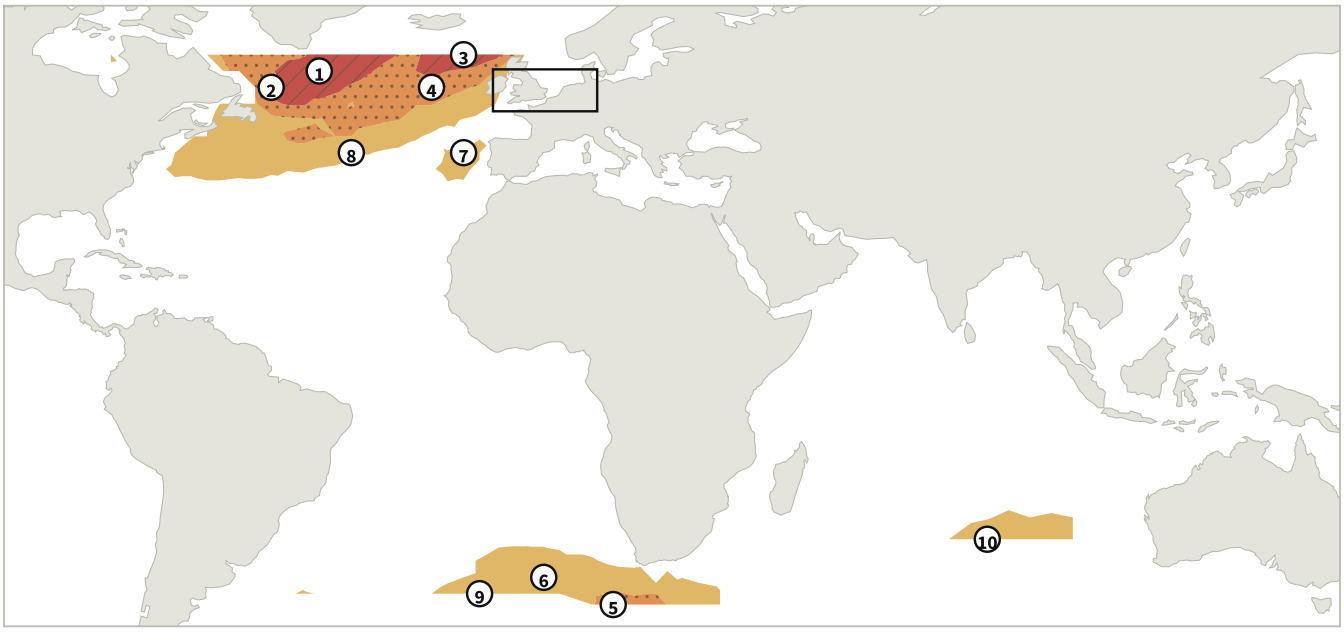

Port health

Port	Berth occupancy vs normal	Crane weather, next 7 days	What to do
United Kingdom			
Felixstowe Watch	Awaiting data	M T W T F S S	A gusty hour on Monday evening, then settled. Release and deliver as planned.
Southampton Watch	Awaiting data	M T W T F S S	Short gusty spells on Monday and Tuesday mornings. Avoid tight morning cut-offs.
London Gateway Running normally	Awaiting data	M T W T F S S	Clear all week. Book release and delivery now.
Liverpool Disruption likely	Awaiting data	M T W T F S S	Cranes likely stop Tue 10:00–22:00. Move collections to Wednesday and allow 24–48 hours.
North Europe			
Rotterdam Watch	Awaiting data	M T W T F S S	Gusts near crane limits on Tuesday from 16:00 to 18:00. Allow 12–24 hours on feeders.
Antwerp Watch	Awaiting data	M T W T F S S	Gusty on Tuesday afternoon and from Friday evening. Allow 12–24 hours.
Bremerhaven Watch	Awaiting data	M T W T F S S	Gusty from Tuesday night to Wednesday 10:00. Allow 12–24 hours on Wednesday calls.
Hamburg Watch	Awaiting data	M T W T F S S	Gusty on Tuesday afternoon and overnight. Keep Wednesday morning plans flexible.

Gauge: bar is berth occupancy, black tick is the port's normal level; orange when 10 points or more above normal. Day squares: gusts near crane limits cranes likely stopped. **Congestion data is not yet connected**, so statuses reflect weather and port news only.

Weather on the way in

Rough 4 m+ Severe 6 m+ Extreme 8 m+ Numbers match the route strips and key below.

Route into the UK	Sea areas along the way, origin to Channel	Delay
Asia via the Cape	S China Sea · Malacca · Sri Lanka · Indian Ocean · Cape 5 · Namibia 6 · W Africa · Portugal 7 · Biscay · W Approaches 4 · Dover	**1–2 days**
Asia via Suez	S China Sea · Malacca · Sri Lanka · Arabian Sea · Aden · Red Sea · Suez · Med · Gibraltar · Portugal 7 · Biscay · Dover	**Up to 1 day**
US East Coast and Canada	NW Atlantic 2 · Mid-Atlantic 1 · W Approaches 4 · Dover	**2 days or more**
Caribbean and Panama	Panama · Caribbean · Azores 8 · W Approaches 4 · Dover	**1–2 days**
Mediterranean	Med · Gibraltar · Portugal 7 · Biscay · Dover	**Up to 1 day**
West Africa	G of Guinea · W Africa · Portugal 7 · Biscay · W Approaches 4 · Dover	**1–2 days**
North Sea feeders	North Sea · German Bight · Dover	No weather delay

Confirm revised ETAs for cargo from North America or round the Cape before you book haulage.

No.	Sea area	Severity	When	Peak seas	Delay
1	**Mid-North Atlantic**	Extreme	Mon 12 Oct to Sun 18 Oct	11.8 m	2 days or more
2	**North-west Atlantic**	Extreme	Mon 12 Oct to Sun 18 Oct	8.8 m	2 days or more
3	**North of Scotland**	Extreme	Wed 14 Oct to Sun 18 Oct	10.7 m	Only if routed through it
4	**Western Approaches**	Severe	Wed 14 Oct to Thu 15 Oct	7.1 m	1–2 days
5	**Cape of Good Hope / Agulhas**	Severe	Wed 14 Oct to Sat 17 Oct	6.7 m	1–2 days
6	**Off Namibia**	Rough	Wed 14 Oct to Thu 15 Oct	5.2 m	Up to 1 day
7	**Off Portugal**	Rough	Sat 17 Oct to Sun 18 Oct	5.0 m	Up to 1 day
8	**Azores**	Rough	Wed 14 Oct	4.7 m	Up to 1 day
9	**South Atlantic**	Rough	Mon 12 Oct to Fri 16 Oct	5.0 m	Only if routed through it
10	**Southern Indian Ocean**	Rough	Fri 16 Oct to Sat 17 Oct	4.9 m	Only if routed through it

News and notices

Hapag-Lloyd has stopped taking bookings to three Philippine ports. MSC has restored a direct Karachi service to seven European ports. Surcharges are rising on US inland haulage and West Africa.

Shipping line reliability, Aug 2026

How each is measured

In August, Sea-Intelligence counted 49.9% of ships on time and Xeneta 29%. Plan on about half of arrivals missing their scheduled day.

Share of ships arriving on time. Sea-Intelligence counts arrivals within a day of schedule; Xeneta counts only arrivals on the scheduled day, so its figures run lower.

Weather flags come from forecasts. Check with your terminal or carrier before changing plans.

Headlines link to the original publishers; some discovered via Google News. Port congestion data: Sinay (sinay.ai). Schedule reliability: Sea-Intelligence Global Liner Performance report; Xeneta Schedule Reliability Scorecard. Tropical cyclone data: GDACS (Global Disaster Alert and Coordination System), European Commission JRC / UN OCHA. Weather data by Open-Meteo.com (CC BY 4.0). Maps use Natural Earth data.
